

Enhancv Logo Guideline

Our brand and product logo is distinctive, simple and recognizable.
It carries our simple mint green and white color palette with design variations:

- Logomark alone
- Full logo horizontal
- Full logo vertical

Logo color:

The Enhancv logo is available in two color schemes: mint green, and white.
The green version works best on a white or light background. The white version should be used on dark backgrounds.

Black & White version:

Don't:

✗ Change the color of the logo.

✗ Use a drop shadow.

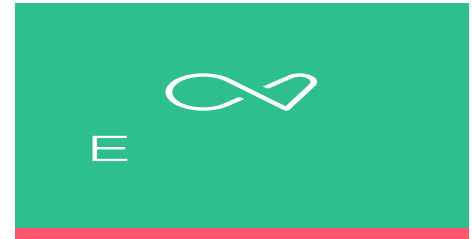

✗ Apply the logo on a busy background.

✗ Crop the logo.

✗ Outline the logo.

✗ Skew or distort the logo.
